Interreg Baltic Sea Region 2021 - 2027

Programme in the nutshell

Interreg Baltic Sea Region is a source of EU funding for those with smart ideas of how to shape the region.

Our focus

Supporting transition

Towards greener and more resilient societies and economies

Supporting public authorities

In meeting needs of communities and companies etc.

Creating practical solutions

To challenges in the Baltic Sea region

**We put into practice innovative,
water-smart and climate-neutral solutions
through transnational cooperation
for the benefit of citizens across
the Baltic Sea region.**

Programme area.

Blue economy

Climate-neutral societies

PRIORITY 3

Programme objective: 3.1
Circular economy

Programme objective: 3.2
Energy transition

Programme objective: 3.3
Smart green mobility

Cooperation governance

PRIORITY 4

Programme objective: 4.1
Project platforms

Programme objective: 4.2
Macro-regional governance

Interreg Baltic Sea Region 2021 - 2027

Innovation societies in the spotlight

Innovative societies

Programme objective 1.1 Resilient economies and communities

Programme objective 1.2 Responsive public services

1.1

Resilient economies and communities

Building **sustainable, fair, innovative** and **resilient economies and communities** across the Baltic Sea region.

Why we address resilience

- Dependency of the Baltic Sea region on global developments
- New socio-economic situation due to pandemic
- Need for tools supporting adaptation to unforeseen developments
- Need to increase engagement of civil society

Types of actions

- Adjust production in the region to demand
- Assist business in recovery
- Mobilise creativity to increase societal resilience
- Develop coordination mechanisms

1.2

Responsive public services

Experimenting with **new ways of delivering public services** using innovative, data-driven and participatory methods to improve the lives of citizens.

Why we address public services

Interreg
Baltic Sea Region

Co-funded by
the European Union

- Need to improve public services despite budgetary constraints
- High innovation barriers of service providers
- Keeping up with the rapid development of new technologies
- Need for tools engaging citizens in transformation of services

Types of actions

- Test unconventional approaches to services
- Develop common standards
- Engage citizens in transformation
- Create business opportunities

Even more innovation...

Innovative societies
