

Dear Partners,

We hereby invite you to the Innovation Circle Youth Camp 2009! This year the camp will take place in August, Alytus region (Southern Lithuania). Please find all the information and details below.

IC Youth Camp 2009 Europe in Troubled Waters – Can Young Politicians Make a Difference?

11 – 14 August 2009
Alytus region, Lithuania

Topics:

- How to build a stable economy in whole Europe?
- Can climate be rescued?
- Democracy or corruption?
- Emigration and immigration - how to integrate new cultures?
- Youth Councils, Youth branches of political parties

Objectives:

- Gather young politicians from different countries to discuss urgent European problems
- Share methods and ideas of different models of Youth Councils and branches of political parties
- Support participation in politics and decision making
- Learn about European economy mistakes and solutions
- To see immigration, emigration and integration issues as opportunity
- Strengthen awareness of the climate change and environmental issues

Target Group:

Young politicians and leaders (16-30)

Participation:

Participant fee is 170 EUR all included except travels.

Dates:

11 – 14 August 2009

Idea:

The idea is to gather young politicians together for discussing the big challenges Baltic Sea Region and Europe faces these days. We will ask young politicians what is the reason of economical situation these days? Can climate be saved and how we can do it? How to use the immigration/emigration situation as an opportunity? Can Young politicians, youth political branches or Youth Councils make a change? What means are being used in different countries?

We invite all the fire-souls who have ideas and want to be active in the New Europe creation to take part and share their views.

We offer presentation from young politicians having important political roles, examples from several different countries, open discussion and variety of interesting people to meet.
